Online Plakatauktion

from November 21 to Dezember 5, 2019

Invitation to the online auction of original posters no. 4/2019 during the period

from November 21 to Dezember 5, 2019

This is how our online auction works

In order to participate in our online auction, you must register. Each auction starts with a minimum bid that cannot be undergone. Shown will be the highest bidder prize as well as the number of bidders. Up until the end, all registered bidders can add a higher bid. The increasing step is always CHF 20.-, regardless of the current bid amount.

A buy-it-now function is available

With the buy-it-now button you ensure to get the poster without going through the bidding process. If you use the buy-it-now button the poster will be taken out of the auction immediately and shipped to the buyer as soon as the payment is received.

Written bids are welcome

As always, you have the possibility to bid via written proposal. Please be sure to use the assigned form and submit it via mail, fax or e-mail. Your written proposal will be programmed and automatically managed by a computer, which means that a bid is placed automatically but anonymously, if another bidder exceeds your bid. Your bid will be increased only as much as necessary to remain the highest bid but will stop when your maximum amount is reached.

Premium not included

Please note, a premium of 15% will be added to the hammer price, as well as to the buy-it-now price. For Swiss customers we have to add another VAT of 8% to the final price.

Thank you for your participation and good luck with our online auction.
